The Hudson Valley NY & North Jersey Chapters
of the American Sewing Guild
proudly present our first joint special event

Shirley Adams

Saturday, May 15, 2010

9:30am till 4:30pm

Fort Lee, NJ

This may be your last chance to see Shirley – she is retiring from active duty December 2010!

Come join us at Shirley Adams' 6-hour trunk show/seminar. Enjoy a delightful day which will include tips from Shirley such as trapunto, faux chenille, hand weaving, perfect hang, elegant embellishments, dart substitutes, couching... limitless ideas and inspiration to make you glad you sew. Any garment you see in ready-to-wear can be duplicated using Shirley's pattern line, "Alternatives." A few master patterns with many interchangeable parts to produce whatever style you want. Alter the basic front, back, and sleeve to suit your body. Then use that pattern repeatedly by

adding on the extra pieces to make it completely different each time. Change the neckline, front style line; add collars, and a variety of pockets. Vary the shape and length, manipulate the darts to other locations, or change to princess seams. Pattern pieces on a flannel board show exactly how to make these changes while the 3 racks of samples illustrate the results. Shirley's patterns and one-of-a-kind bags will be for sale. Join us for a fun, informative and inspirational day. You'll be sure to leave with a smile on your face and a burning desire to get to your sewing room!

Please bring your lunch. A beverage will be provided.

Hurry, limited seating! Register before May 5 for reduced price. No walk-ins.
